The submitted bag design must be in accordance with the law. The EPC does not check the legality of the design, nor it can be held responsible for its content. The certified company is solely responsible for the submitted design and it is expected to perform the due diligence required by law.

The use of the bag design is considered as on-product use of the ENplus® trademark and it shall comply with the requirements related to this and as stated in ENplus® ST 1003:2002. The certified company whose ENplus® ID is printed on the bag (the bag design owner) shall provide a facsimile of each bag label to the International Management for approval, whether it is its own brand or not. Approved bag designs are published on the official ENplus® website and shall only be used to sell ENplus® pellets if an approval document of the current type has been issued. During ENplus® inspections, the approval document must be available for the inspector to check.
